HOW REGULAR VERBS CHANGE

Regular does not always mean simply adding -ed. Watch the final letters.

1. MOST VERBS

Add -ed and -ing

work -> worked -> working

2. VERBS ENDING IN -E

Add -d; remove e before -ing

live -> lived -> living

3. CONSONANT + Y

Change y to ied; keep y before -ing

study -> studied -> studying

4. SHORT CVC VERBS

Double the final consonant

stop -> stopped -> stopping

5. STRESSED FINAL CVC

Double the final consonant

prefer -> preferred -> preferring

CONSISTENCY NOTE

This pack uses American spellings: traveled/traveling and canceled/canceling.

THREE SOUNDS OF -ED

Pronunciation depends on the final sound of V1, not simply its final letter.

/t/

After a voiceless sound

worked, washed, watched, laughed

/d/

After a vowel or voiced sound

played, cleaned, loved, called

/id/

After the sounds /t/ or /d/

wanted, needed, visited, decided

REMEMBER

The extra syllable appears only with /id/: want-ed, need-ed, vis-it-ed.

The written ending is always -ed, but the sound changes.
